STEP 2

Begin to familiarize yourself with the condition of your vehicle 30-60 days before the final payment.

Complimentary Vehicle Inspection

In preparation for lease-end, we recommend you take advantage of an optional inspection. Why?

An inspection is:

- **CONVENIENT** - inspectors can meet you at your home, work or other preferred location
- **INFORMATIVE** - knowing the condition of your vehicle before the end of your lease allows you to make well-informed decisions
- **THOROUGH** - detailed condition reports, itemizing any excess wear and use, are available shortly after inspection

Wear and Use Guidelines

Should you elect to return your vehicle, you may be charged if there is damage exceeding normal wear and use. To better understand what is considered excessive, review the enclosed Wear and Use Guidelines or visit MyTFSLease.com/info for more information.

Haven’t scheduled your inspection yet? Call (855) 40 MY TFS to speak to our third party inspection provider or visit tfsleaseend.com to schedule an appointment online.

Excess wear and use charges may be based solely on the optional inspection prior to maturity. Should you not take advantage of such inspection, one will be ordered upon return of the vehicle. If repairs are made to your vehicle before turn-in, you or the dealer may request an inspection upon turn-in.

Under certain circumstances, Toyota Financial Services does not charge its lease customers for excess wear and use damage. All charges may be subject to sales tax.

Use the enclosed measuring tools to approximate the size of an acceptable dent or ding. Log into your account at toyotafinancial.com to view your detailed condition report.
