TFSC Credit Support Agreement

Securities⁽¹⁾ issued by TMCC (and various other TFSC subsidiaries) have the benefit of a credit support agreement with TFSC

- TFSC will own 100% of TMCC
- TFSC will cause TMCC to maintain a tangible net worth of at least \$100,000 as long as covered securities are outstanding
- If TMCC determines it will be unable to meet its payment obligations on any securities, TFSC will make sufficient funds available to TMCC to ensure that all such payment obligations are paid as due
- Agreement cannot be terminated until (1) repayment of all outstanding securities or (2) each rating agency requested by Toyota to provide a rating has confirmed no change in rating of all such securities

TMC Credit Support Agreement

TFSC in turn has the benefit of a credit support agreement with TMC

- Same key features as TFSC/TMCC credit support agreement
- TMC will cause TFSC to maintain a tangible net worth of at least JPY10mm as long as covered securities are outstanding

TFSC's and/or TMC's credit support obligations will rank *pari passu* with all other senior unsecured debt obligations

⁽¹⁾ "Securities" defined as outstanding bonds, debentures, notes and other investment securities and commercial paper, but does not include asset-backed securities issued by TMCC's securitization trusts.

(1) The net loss and repossession data reported in this table includes all retail installments sales contracts purchased by TMCC, excluding those purchased by a subsidiary of TMCC in Puerto Rico. Includes contracts that have been sold but are still being serviced by TMCC. (2) Principal Balance Outstanding includes payoff amount for simple interest contracts and net principal balance for actuarial contracts. Actuarial contracts do not comprise any of the Receivables.

(3) Average of the principal balance or number of contracts outstanding as of the beginning and end of the indicated periods.

(4) Includes bankrupt repossessions but excludes bankruptcies.

(5) Amount charged off is the principal balance, including earned but not yet received finance charges, repossession expenses and unpaid extension fees, less any proceeds from the liquidation of the related vehicle. Also includes dealer reserve charge-offs. (6) Includes all recoveries from post-disposition monies received on previously charged-off contracts including any proceeds from the liquidation of the related vehicle after the related charge-off. Also includes recoveries for dealer reserve charge-offs and dealer reserve chargebacks.

(1) Includes contracts that have been sold but are still being serviced by TMCC (excluding TCPR).

(2) Outstanding balance is equal to the net book value of the related Lease.

(3) Averages are computed by taking an average of the month end outstanding amounts for each period presented.

(4) Includes bankrupt repossessions but excludes bankruptcies.

(5) Amount charged off is the net remaining principal balance, including earned but not yet received finance charges, repossession expenses and unpaid extension fees, less any proceeds from the liquidation of the related vehicle. Also includes dealer reserve charge-offs. (6) Includes all recoveries from post-disposition monies received on previously charged-off contracts including any proceeds from the liquidation of the related charge-off. Also includes recoveries for dealer reserve charge-offs and dealer reserve chargebacks.

(1) The residual value loss data reported in this table includes all lease contracts purchased by TMCC or the Titling Trust (Toyota Lease Trust). The residual value loss data reported in this table also includes lease contracts that have been sold but are still being serviced by TMCC.

(2) For purposes of this table, the "ALG Residual" for each leased vehicle is equal to the related residual value estimate produced by Automotive Lease Guide at the time of origination of the related lease with average condition and standard mileage (15,000 miles/year) or, if such estimate is unavailable, the related Contract Residual Value.

(3) Excludes repossessions, charge-offs, and vehicles in inventory, but includes early terminations

(4) Includes all vehicles terminating at scheduled maturity, terminating past scheduled maturity and terminating within 30 days prior to scheduled maturity.

(5) Residual gain/(loss) is net of remarketing expenses, and excess wear and tear and excess mileage collections.

(6) Adjusted MSRP includes value added vehicle adjustments.
